WHY GMO

Financial Training
Information Technology

GMO APPLIES CUTTING-EDGE TECHNOLOGY TO DELIVER THE INNOVATIVE SOLUTIONS YOU NEED IN AN INCREASINGLY DYNAMIC AND COMPLEX BUSINESS ENVIRONMENT.

REDUCE YOUR R&D COST

Offering the most complete middle office trading system to brokers is extremely demanding in resources for Post Trading Platform Providers. GMO significantly reduces brokers' operational costs invested in R&D / Support for their middle office solution, allowing them to invest more resources in their trading technology.

BUILT BY A BROKER FOR BROKER

With more than 10 year's industry experience, we understand the needs of trading brokers and the barriers they face. With the direct collaboration of brokers, GMO has been in constant development and each module has been designed to answer today trading industry's daily operational needs.

CUTTING-EDGE FIN-TECH TECHNOLOGY

We use the industry standard FIX protocol to connect to any exchange or 3rd party, making it easy to integrate and deploy, with no license fee. GMO uses open source and In Memory Data Base (IMDB) instead of a physical data base to reduce the latency

MORE ADVANTAGES, MORE POSSIBILITIES

Scalable Architecture

GMO scales as demand grows and easily adapts to any IT environment.

Data Agnostic

Pick a market data provider, execution venue and clearing house that you are comfortable to work with. Or, take advantage of an array of reliable pre-integrated vendors. The choice is yours.

Affordable

Flexible pay-as-you-use pricing plans are aligned with our clients business model and growth strategies. We offer affordable usage-based pricing and open to discuss alternatives.

Open APIs

Connect to 3rd party front end trading platform and middle processing platform with open APIs.

24/7 Support

GMO provides 24/7 email/phone support. Our in-house support specialists are well trained and ready to help if any questions or issues. Focus on business activities while GMO takes care of the technology side.
